Regional Summary (Week 18)

- Disasters this week which are note-worthy are phreatic eruptions and earthquakes. Tourists visiting these areas are advised to take note of aviation notices and travel advisories should they decide to organise hiking trips to the active volcanoes,
- AHA Centre monitored eruptions in Mount Sinabung (15 April 2018), Mount Agung (30 April), Mount Dukono (4 May 2018), and Mount Ibu (4 May 2018) Indonesia. We noted no humanitarian consequences in the areas.
- [PHIVOLCS](#) maintains Alert Level 2 for Mount Mayon and Mount Kanlaon. Mount Bulasan is currently still at Alert Level 1 despite having a volcanic earthquake on 5 May 2018.
- Four earthquakes of M 5.0 were experienced between 30 April to 6 May 2018 in ASEAN region (Indonesia and Philippines). No tsunami warning was triggered.
- More wet weather can be expected for the northern ASEAN region in the coming weeks as reported by [ASEAN Specialised Meteorological Services](#).
- All disasters reported this week were within the capacity of respective ASEAN Member States.

REGIONAL TALLY

Affected population: **364,690***
Affected families: **331***

*AHA Centre's estimation based on total number of deaths, injuries and IDPs reported by National Disaster Management Offices (NDMOs) of each ASEAN Member State and other verified sources.

DISCLAIMER

The AHA Centre was established in November 2011 by the Association of South East Asian National (ASEAN) and ASEAN member states to facilitate cooperation and coordination among the Member States and with relevant United Nations and international organisations in disaster management and humanitarian assistance.

This update consists of significant natural disaster events that occur in ASEAN Member States, including Brunei Darussalam, Cambodia, Indonesia, Lao PDR, Malaysia,

Myanmar, Philippines, Singapore, Thailand and Viet Nam. The disasters recorded include Drought, Flood, Earthquake, Tsunami, Volcano, Wind, Landslide and Storm.

The use of boundaries, geographic names, related information and potential considerations for response are for reference, not warranted to be error free or implying official endorsement from ASEAN Member States.
